

Skin Treatments

Pro Skin 30 (30mins) **€45**

Our signature treatment on your time! Targeting your key concerns for maximum impact, this treatment is a firm favourite with those who have minimal time and want maximum results.

Pro Skin 60 (60mins) **€60**

The ultimate Dermalogica experience, customised with advanced products, techniques and technology in a sensorial environment made for relaxation. Completely personalised to your skin and different every time.

Advanced Skin Treatments

Pro Power Peel 30 (30mins) **€60**

Course of 4 (recommended) **€200**

Our all-new Pro Power Peel redefines the peel experience.

Our strongest and fastest peel yet, the Pro Power Peel features a full suite of peel products, including Alpha Hydroxy Acids (AHAs) and Beta Hydroxy Acids (BHAs). In this treatment, your therapist will create a customised peel to instantly rejuvenate and refresh your skin. With a unique system of three different acids for a deep exfoliation personalised to you, it is ideal to target lines and wrinkles, uneven pigmentation or breakouts.

Pro Power Peel 60 (60mins) **€90**

Course of 4 (recommended) **€300**

This effective and customised 60-minute treatment combines the benefits of our Pro Power Peel 30 treatment with additional advanced techniques and technologies. Peel results are dramatically enhanced by a supplementary deep treatment process incorporating powerful IonActive Serum™, a customised masque, LED light therapy and relaxing massage to ensure your skin is left clear, smooth and glowing. You've never had a peel treatment like this before.

Microneedling (60mins) **€180**

Course of 4 (recommended) **€600**

Microneedling, also referred to as Skin needling or Collagen Induction Therapy, is one of the easiest and most effective skin treatments available. Micro needling significantly improves the appearance of acne scars, aged or sun damaged skin, lines, wrinkles and stretch marks by encouraging the skin to produce collagen. It also increases the skin's ability to absorb topically applied products.

LED (45mins) **€55**

Course of 10 (recommended) **€350**

The LED Mask utilises 3 wavelengths (colours) of Light Emitting Diodes (LEDs) placed in close proximity to the skin to treat various conditions. This technology has been scientifically proven to benefit the skin. Red Mode: Skin Rejuvenation; the 630nm red & 830nm infra red wavelengths help reduce wrinkles, tone the skin, boost cellular regeneration and the healing process. It also reduces the appearance of pigmentation, freckles and age spots. Blue Mode: Acne treatment; the 415nm blue & 830nm infrared light have an anti-microbial effect plus a healing effect on the skin. Red & Blue Mode: Combines all of the above and is an ideal Anti-inflammatory 'Post Care' treatment following Laser/IPL or injectable treatments.
